HEALTH SAFETY AND ENVIRONMENT POLICY

Fittech will manage health, safety & environment policy by:

- a. Controlling the health and safety risk at work and committed to eliminate hazards and reduce OHS risks.
- b. Involving and consulting employees on health, safety & environment issues that affect them.
- c. Making sure that where employees work, and any equipment they use is , safe.
- d. Investing in state of art of infrastructure and advance technology that is safe to use and environments friendly.
- e. Making sure dangerous substances are stored, used and disposed of in a safe and environmentally friendly manner.
- f. Making sure employees, especially new employees have relevant information and training on health safety and environment policy.
- g. Make sure employee can do their jobs, and are properly trained.
- h. Trying to stop accidents and work-related health problems and provide frame work for setting OHS objectives.
- i. Regularly checking that working conditions are safe and healthy.
- j. Committed to fulfill applicable legal requirements including local compliances.
- k. Regularly reviewing this policy and making changes if necessary to ensure its commitment towards continual improvement.
